

## School Board Ballot Slated for Tomorrow

Four Seek One  
Position Open  
as Trustee Here

Voters of Palm Springs Unified school district from Desert Hot Springs to Thousand Palms and Indian Wells, go to the polls in three precincts tomorrow, to elect one member of the school board.

The term of Dr. Hugh Stephens expires. He is a candidate to succeed himself.

Others in the race are C. B. Self of Palm Springs, Mark H. Shuffleton of Desert Hot Springs and Red Kenyon of Cathedral City.

Polls will be open from 7 a.m. to 7 p.m.

Voters in all Palm Springs city precincts and in Thousand Palms will vote at Frances Stevens school here. Garnet precinct votes at Desert Hot Springs school. Residents of Cathedral City, Indian Wells Date and Cathedral City precincts, vote at Cathedral City school.

## Soroptimists to Hear Babbage

Palm Springs Soroptimists will hear Assemblyman John D. Babbage Tuesday noon, May 20, at the Chi Chi. Babbage will speak on the measures which will appear on the November ballot and will discuss candidates in the June primaries. This interesting and timely program is provided through program chairman Polly Isenagie.

Also on the program is Lee Backstrand of Riverside, an active member of the State Highway committee of Riverside County Chamber of Commerce who will speak on state highways and county roads.

## Casa Colina Re-elects Judge Russell Waite

Judge Russell S. Waite of county superior court was re-elected to the board of trustees of Casa Colina, home for crippled children at Chino, this week. At the annual meeting, 500 persons who helped establish the home and are aiding in its maintenance, attended.

## Careless Smoker Fires Palm Tree

Somebody was careless with a cigaret during a stroll down Palm Canyon drive.

As a result the fire department was called out Friday noon to the 100 block to subdue a fire in a tall palm tree.

Damage was nominal.

## Village's Biggest Advertiser Basking in Sunshine Here

By PRISCILLA CHAFFEY

Enjoying a lazy spring vacation around the pool at the Desert Inn is Palm Springs biggest advertiser and promotional expert. He supervises the spending of over a half a million dollars a year in paid national advertising promoting the resorts of the Southwest; a project in which Palm Springs is a front runner. He is Claude E. Peterson, vice president of the Southern Pacific Railroad in charge of the system's passenger traffic from New Orleans to San Francisco. With him enjoying the spring sun with frequent dips in the pool is his good-looking blond wife.

Both Mr. and Mrs. Peterson are Palm Springs fans and have been vacationing at the Inn for many seasons from their home in San Francisco. In spite of the fact that Mrs. Peterson's husband is directly responsible for much of the spectacular growth of this resort, Mrs. Peterson hopes Palm Springs won't lose the charm of its small, lazy Village atmosphere.

ONE OF PALM SPRINGS' biggest promotion features was originated by Mr. Peterson last fall when he was mooning around in the Desert Museum and got the idea of filling the great corner windows of the Chicago Southern Pacific offices with exhibits of desert sand, rocks, cactus and other flora. Thousands of Chicagoans came paddling in from the snowy streets to make inquiries on how to get to Palm Springs and the sand and sunshine exhibited in the window. Peterson will have a similar window in Portland this winter as well as Chicago.

While railroad man Peterson primarily advertises travel—(by Southern Pacific)—Palm Springs gets a front seat on the bandwagon because it is on the system's mainline and makes an attractive destination for Eastern and middle Westerners who are snowbound in their own climate. Of SP's million and a quarter annual advertising budget, over half goes to the sun country of the Southwest.

PETERSON said yesterday that greater emphasis will be put on promoting Southwest travel in the Pacific Northwest and British Columbia next winter. "The population increase in these areas makes them a rich field for Palm Springs' future tourist business," he said. "In other

## Panel Approves Scientific Tests of DWI Suspects

A panel discussion on traffic laws and violations lasting three hours, was held Monday afternoon, May 12, in justice court with Judge Eugene Theriault presiding.

The group of judges and law enforcement officers from the desert area approved the adoption of legislation prescribing chemical tests for ascertaining if a driver is intoxicated. Favored by the local group was the balloon test, where the driver charged with being drunk exhales into a balloon device where the alcoholic content of his breath can be scientifically determined. This test is in use in Sweden where DWI's are almost unknown because of the quick accurate test and heavy penalty involved for offenders.

THE MEETING was under the sponsorship of the state judicial council's traffic committee and similar traffic panels are being held throughout California to unify traffic laws and tighten up the penalties for violation.

Present at the Palm Springs meeting were Judge Theriault, Chief of Police Gus Kettmann, traffic officers attached to the local police force as well as representatives from Indio, Banning, Beaumont, Coachella, Mecca and the state highway patrol.

The local committee also recommended that juvenile traffic offenders be tried in justice court, that violators demanding a jury trial should receive same, but in the event the defendant is found guilty, he would be charged for the jury fees in addition to any other fines.

A PROPOSAL by the state traffic committee that violations of the traffic code be listed on the license of the driver, was discarded by the local panel as being too involved and costly.

In the matter of the use of scientific means to measure speed of automobiles, viz: radar or other electronic devices, Judge Theriault report commented dryly, "This group approved the recommendation, although I doubted that the public would."

## Abstinance

Tomorrow Dry  
Day—Election

Chief of Police A. G. Kettmann reminded all cafe and tavern owners that tomorrow will be a day of abstinence for Villagers. The reason: School board election from 7 a.m. to 7 p.m.

No liquor may be sold in the city during the time the polls are open—either on-sale or off-sale, he said.

## Dilworth Warns of Federal Grab

Farmers of Riverside county, in session last weekend, were warned by State Senator Nelson Dilworth that if the government wins the Santa Margarita water suit, there will be no limit to federal seizure of privately-owned natural resources.

Dilworth in his talk to farm bureau members traced the course of federal government's theory of paramount rights which began with the tidelands oil cases and has progressed steadily onward.

## Proclamation

WHEREAS, President Truman has declared the week of May 18 through May 25 as Olympic Week in the United States, and WHEREAS, the purpose of this Special Week is to aid in the raising of funds to send our athletes to the Olympic Games in Helsinki, Finland, a fund which is still far from its goal.

THEREFORE, I as mayor of Palm Springs, do proclaim the week of May 18 through May 25 as Olympic Week in Palm Springs and to assist in asuring our southern California athletes, of whom we are proud, a trip to the Olympic Games to vie with the athletes of other nations and to thus aid in promoting better world understanding.

Mayor of Palm Springs.

## Flash Fire Does \$7000 Damage at Village Home

A fire of unknown origin did approximately \$7,000 worth of damage Sunday evening around 7 p.m. when the frame building at Indian avenue and Baristo, across from the Del Tahquitz, burst into flames. The inside of the building formerly leased by Roy Randolph as a dance studio was gutted by the flash blaze which may have been started from a cigaret thrown into the dry grass around the building or from a short circuit, according to firemen.

Both stations answered the call. The building's owner Mrs. Mildred Jackson, real estate broker, saw the smoke from her hillside home and said to her son who is visiting her:

"Oh my, some poor soul's house is burning down, and on Mothers' Day too. Isn't that too bad?"

She thought it was even worse when the phone rang and she was told whose house it was. The building was partially covered by insurance.

Absent at the time of the fire was the building's tenant, Mrs. Helen Keeler.

## Four in Toils

Sentences of five days in county jail or \$25 fine were meted out to four in justice court. Pleading guilty to a charge of being drunk were Jose Cornel Varjas, James S. Weirback, Donald Clark and George Milburn Goodman.

## Return to Sound Money Urged at GOP Luncheon

"The fundamental difference between the Republicans and Democrats of this era is that the Republicans want to preserve the value of money and the Democrats scorn any idea of a balanced budget or budget controls of any kind," said Paul Moore, prominent Los Angeles attorney when he spoke to a crowded auditorium at War Memorial Building at a luncheon sponsored by the Riverside County Council of Republican Women, this week.

"THE REPUBLICANS have no intention to do away with the good social legislation of the past two decades, which includes the insurance of bank funds; old age insurance; and needed help to farmers. Labor unions, neither, would suffer under Republican administration. "But," Moore continued, "Republicans stand for business on the tested and sound competitive basis—private enterprise, which was the strength of this nation and which has made it able to rise above all nations of the world, economically."

With the use of printing press money, since the nation went off the gold standard, Moore averred, living costs have gone up, causing world wide inflation, resulting in suffering for masses of people.

"Republicans want stable, gold-backed money—Democrats have given us inflation and colossal debt," he said.

MOORE POINTED out the mighty potential political power of women, quoting statistics showing that in the nation there are 2,000,000 more adult women than men.

Present at the meeting were Republicans from all over the county and also from San Bernardino county. Mrs. Alice Hanlin, president of the County Council of Republican Women, presided. Senator and Mrs. Nelson Dilworth of Hemet were present, also Republican state assembly candidates Moulton Phillips and A. W. Bobinette. It was one of the largest attended Republican affairs ever given in the desert region.

## Banning Man Quits Planning Position

Supervisor Homer Varner of the Fourth District this week was seeking a candidate to be nominated to the seven-man county planning commission.

John C. Brinton of Banning, this week tendered his resignation due to pressure of personal business.

## Valedictorian Chosen for Honor

Richard Blackstone has been selected as valedictorian of the graduating class of the Nellie N. Coffman Junior high school, Seamus Nunan, principal, announced this week. Selection was based on quality of work done which gives promise of greater achievement in later life. He is the son of the Reverend and Mrs. James Blackstone, Jr., of Palm Springs Community church.

## Teachers Told Art's Place in Education

Teachers of Riverside county schools were told the part that the arts play in the classroom and life at a two-day institute held at Idyllwild School of Music and Arts last weekend.

Michael Andrews, instructor in the department of education at University of Southern California, demonstrated methods by which puppets and marionettes can be used in classrooms.

## Lienau Village Suit to be Aired in Court June 5

Hearing of the petition of the Palm Springs branch of the National Association for the Advancement of Colored People, asking a writ of mandamus against Palm Springs Housing Authority, has been set for June 5 at 10 a.m. before Judge O. K. Morton in county superior court.

The writ would force the Authority to admit them to Lienau Village as tenants.

Date for the hearing was set last Friday with Jerry Bunker appearing for the Housing Authority and Loren Miller, Los Angeles, for the petitioners.

The suit charges that the Housing Authority has 42 vacancies which it has denied to Negro tenants. The board, however, denied this declaring that the vacancies are in buildings to be dismantled and sold.

**FIRST ADEQUATE WIRING  
AWARD**

Issued in Palm Springs to  
Dart Builders Inc. and Indio Electric Inc.

**FIRST PALM SPRINGS AREA CERTIFICATION:** L. to R. above Francis Crocker, District Manager, California Electric Power Company; Wm. D. Boggess, exclusive agent for the property; P. E. Kirkpatrick, Electrical Contractor; and O. J. Schmitt, Commercial Representative, California Electric Power Company.

The first home to qualify for the Adequate Wiring Certificate in the Palm Springs area has just been completed and the Riverside and San Bernardino County Adequate Wiring Association has made their Award to the owner.

The Certified home is one built by Dart Builders Inc. and is located at 1630 South Calle Ralph. The Electrical Contractor was P. E. Kirkpatrick of Indio Electric Inc. and Boggess Inc. is handling the property exclusively.

Both Dart Builders and Mr. Kirkpatrick have incorporated Certified Adequate Wiring in this home to protect the interest of their buyer. Make sure you ask for Certified Adequate Wiring when buying or building your home.

The picture above shows the Certificate of the Association being awarded to Mr. Wm. D. Boggess by

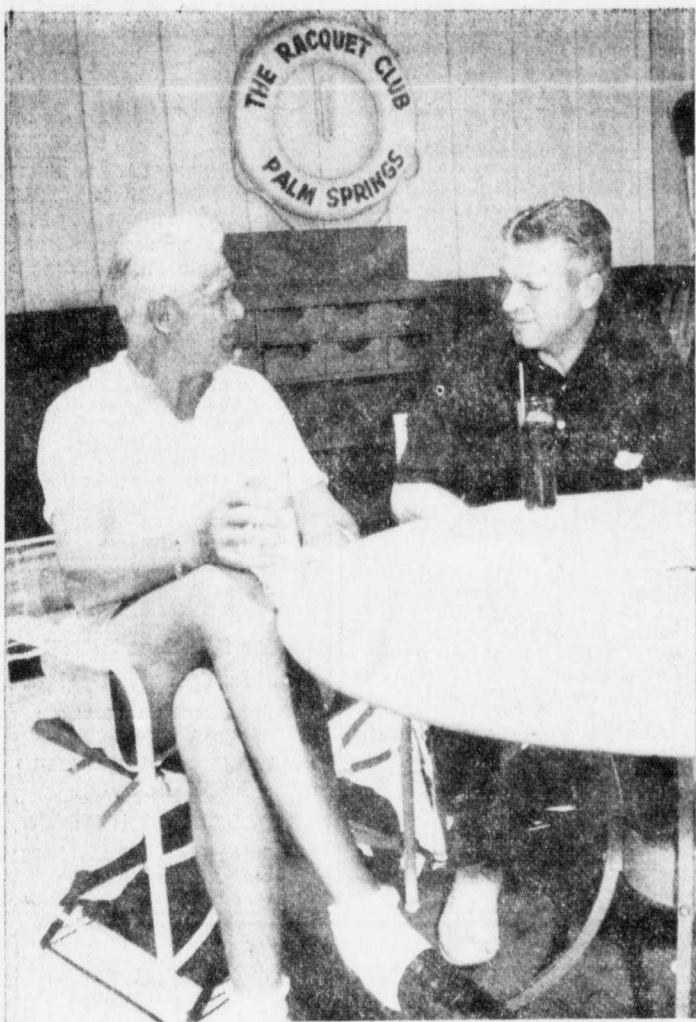

Francis Crocker, District Manager for the California Electric Power Company. The power company takes a great deal of interest in the Association and their work because it helps promote better wiring and consequently better service to their customers.

The Adequate Wiring program is not designed to overload a prospective builder with extra convenience outlets, but is merely a program which assures the home owner that he is prepared for present and future demands for electrical living. It eliminates the possibilities of unsightly, and unsafe, extension cords draped about the rooms.

The Adequate Wiring program is sponsored by the Riverside and San Bernardino County Adequate Wiring Association and inquiries may be addressed to them at P. O. Box 512 in Riverside.

## WAR DAYS RECALLED

sion to take his fast jets into a vital target at low level unprotected by propeller planes, which normally suppress the enemy flak. His plan was rejected. Might lose too many jets. "Don't you think I've worried about that?" he demanded. "I count losses too."

**AND BEEBE** does count losses. He proved that as the reporter listened to him and Farrell talk, recalling names and places of pilots who fought during the Pacific war against the Japs. Farrell was in charge of squadron operations and then aboard the same ship and the flying outfit under the command of Beebe was and is known today as the "Fighting 17."

"He was rugged then," Farrell whispered once. "I served with him I know. Fearless, unafraid of anything that came his way and a tireless leader." Farrell was innocently revealing his part in World War II. There was Okinawa, other sea battles, the preparation for the invasion of Japan—that is, the softening up process and then the surrender. Farrell never speaks about his experiences. Now both men began to recall World War II, particularly what happened to Jim, Jack, or John.

"YOU REMEMBER Frank Sistrunk, Charley?" queried Beebe. "He was with me in Korea. Wrangled a transfer when he was recalled to service and one day he came aboard ready to fly."

"His number almost came up in World War II when he and I were aboard the carrier Liscombe Bay, when it took a Jap torpedo and began to sink but fast. You remember the story, Charlie, don't you?"

Charlie nodded. "Good old Sis" he said.

"Well, Sis was in sick bay just after an appendicitis operation when the torpedo struck. He was in his 'snack' (bed) when Bill Davies reached his side. By that time the deck was awash. Bill carried Sis up to the flight deck and informed him that he would have to swim for it."

"But I can't swim," remon-

strated Sistrunk, then a Lt. Junior Grade.

"The hell you can't," Davis replied and shoved Sistrunk off the deck.

"Well," laughed Beebe, Sis swam for at least a half an hour before he was picked up. He was soon able to fly again and later you joined us, Charley."

"The ground fire around those target areas in Korea is terrific," Beebe had changed the subject quickly. "Anywhere from 50 to 100 guns are emplaced around bridges, road intersections and railroad junctions."

"The war out there in Korea is different than other wars. Its different in this respect—we'll like comparing two football teams for instance. One is permitted to romp up and down the field and the other is only permitted to advance as far as the 10 yard line and hold it possible. It's a different kind of war—I can't say any more than that."

Then the reporter blundered. He sensed that the Sistrunk story switch was something worthwhile hearing—something worthwhile writing about. "Where is Sistrunk now back in civilian life again?"

"SISTRUNK?" The commander could not avoid an answer. "Sistrunk, one of the best pilots have ever had the pleasure of knowing, went out on a mission one day. His ship was hit and his companions reported him heading for the sea and perhaps a 'soft' ditching. They followed him down to give him cover as long as possible and during that entire downward flight he never uttered a word over the radio nor did he give a hand signal. Suddenly his plane winged over in the air and crashed."

There was a moment of silence. "He was one of the best damn pilots that ever flew my wing," Commander Marshall Beebe reiterated more to himself than to either of the two men sitting opposite him.

That's when it was learned that warriors never cry. Their eyes sort of get muddled up with mist.

## Civic League Studies Plans to Revive Round Table Talks

Board of directors of Palm Springs Civic League met Monday noon at Palm Springs Hotel Coral Room to formulate plans for an active membership campaign this summer and next fall.

Joe Pawling, newly elected president of the group presided. Robert Ransom outlined the purpose and operation of the Mayor's Round Table, a coordinating group made up of the

heads of all civic organizations which met twice a month.

**THE GROUP** was organized shortly after the war and was useful as a cross section of public opinion and in correlating the objectives of various public service groups.

Ransom suggested that the Civic League sponsor such a group. On a motion made by

George Brown and seconded by David Benjamin, president Pawling was requested to form such a group to meet with the League directors.

Other business before the meeting was a Civic League cocktail party to be given in September at the home of Mr. and Mrs. David Benjamin to stimulate membership in the league. Directors Percy M. White,

side and George Brown were instructed by a motion of the board to draw up two letters to the city council; one to request expense vouchers for the trips taken by Councilman Florian Boyd to Washington on Indian Affairs negotiations relative to the rights of way for widening Indian avenue. The other letter will request some attention from

the council to the League's request, made some time ago, that the city employ a full time city attorney.

Directors studied a civic contribution which could be made by the League which would be of permanent historic interest to Palm Springs in the placing of points throughout the Village commemorating Palm Springs' pioneers.

**THIS PROJECT** would be of increasing value to the city as the

years pass and would preserve Palm Springs brief but interesting history for the residents of the future.

It was moved that luncheon meetings will be held each Monday throughout the summer at the Chi Chi for any members or directors in the Village during the summer months.

## Howell to Hear Sentence May 23 in Weapons Case

Sam D. Howell, 50, convicted last week in Judge John Gabbert's superior court at Riverside on a deadly weapons charge, will learn his fate in the same court a week from tomorrow.

After an earlier jury had failed to agree on his guilt, a second trial resulted in a guilty verdict after one and one half hours deliberations.

Howell, who was arrested after his wife told police he had threatened her, faces a possible five year term in state prison.

## Mounties Add to Rescue Tackle

Palm Springs Mounted Police held their last meeting of the season Wednesday night with Capt. Cliff Campbell presiding. The mounted unit voted to purchase a trailer to carry rescue equipment which could be hauled to locations where search and rescue parties are required. The trailer will be equipped with food, two way radio, stretchers, rope, search lights and first aid supplies.

The need for a completely equipped trailer to serve as a base camp for rescue work was apparent this winter when Mounted Police made five search and rescue expeditions into canyons around Palm Springs.

## Travel Into State Through Riverside County Gaining

Although the Greyhound bus strike materially reduced the number of passengers entering California through the Blythe gateway in April, the total number of passengers entering and leaving the state increased sharply it was reported.

In April 53,904 vehicles traveled east and west across the California-Arizona border on Highways 60-70.

During the month 12,896 west-bound cars with California license plates were recorded, plus 14,213 out-of-state cars and 179

buses. These vehicles carried a total of 73,642 westbound passengers.

Arizona inspectors reported 26,616 vehicles entered their state from California during April. In March 27,109 vehicles crossed from California to Arizona.

The total of 179 buses entering California during April was less than a third of the monthly average.

Commercial vehicles entering California during April totaled 2302 with California licenses and 2067 with out-of-state plates.

## Republicans

**To Hear Three Candidates Tonight**

Tonight at 8 o'clock at World War Memorial Hall, Palm Springs Republican Council will present three Republican state assembly candidates; Moulton Phillips, A. W. Bobinette and L. N. Backstrand. Each will address the audience, giving his qualifications and reasons for seeking the important legislative job. Last on the program will be a talk by State Senator Nelson S. Dilworth telling of pressing state political matters, and the work to be done by and for Republicans.

It will be one of the most informative and important affairs sponsored by the local council and many guests from county areas will attend. Senator Dilworth will be recalled as one who authored the bill in March to restore Joint Tenancy rights. Following the talks, refreshments will be served and those present may get personally acquainted with the assembly candidates and Senator Dilworth. The meeting is open to the public and all interested are invited.

## FLOODS

was used in the flood waters which swished through the Village last winter. Mason said no, last winter floods had only a "nuisance rating." Flood control engineers classify major floods as a fifty year flood or a 100 year flood, according to their probable incidence. The recorded history of the desert area is so exceedingly brief, no graphs of flood cycles exist.

## Gold Star Families to be Honored

Gold Star families of Palm Springs will be special guests of Owen Coffman Unit, No. 519, American Legion Auxiliary, at a 6:30 buffet dinner Tuesday evening, May 20, at the Wars Memorial building. Legionnaires and wives will join in the annual event honoring the families of those who gave their lives during the World Wars and the Korean conflict.

Mrs. J. J. Follansbee, chairman of the program announces a delightful program to be presented by Beatrice "Trixie" Jarrett, featuring a group of her dance students in beautiful fantasy. The dancers who will take part dressed in colorful costumes, include Jeffrey Shaw, Hilton McCabe, Dennis Hammond, Eddie Fox, Marshall Milliner, Darleen Foxon, Marilyn Mills, Gary Hammond, Nancy Gardner, Irene Walberg, Donna Scrivner, Barbara Cooper, Sandra Schmidt, Jerry Ann Luke, Jaci Sale, Wendy Hammond, Karen Hanson, Earlene Maynard, Jo Ann Cruise, Joene Goode, Mary Jo and Sally Stephens. Their numbers will be "Military Tap," "A Darling Girl," "Tap in Blue," "Duet in Tap," "At the Burlesque—Can Can," "What Paris Thinks of Tap Dancing," "Coquette," "Fado," and "A Ballet in Miniature." Mrs. Jarrett a favorite among Palm Springs audiences, will also entertain with two piano solos.

Mrs. Archie Long may be contacted regarding the dinner by phoning 5298. Mrs. Warren Heath and Mrs. Long are in charge of table decorations.

Mrs. Lou Billington, Unit President, will head the reception committee.

## From Tennis Club to Delmar Hotel

Having closed their Tennis Club dress and novelty shop, Gretchen Gird and Ruth Crofoot are going to Delmar and will open a similar shop in the Delmar Hotel. They will return to Palm Springs in October, when they will reopen their shop here. Summer travels of Mrs. Crofoot include a trip to Chicago to attend the national political conventions and also she is making tentative plans to visit Washington, where she lived for several years.

## Released Time Question Before School Trustees

Up before the school board tonight at 7:30 is the vital issue of the "released time" system which is in effect in New York state. The meeting will be held at the Frances Stevens school. The system provides for schools to be suspended for an afternoon or morning session each week to give children an opportunity to gain added religious instruction.

General feeling among parents questioned on the subject is that children have an ample opportunity on Sunday and Saturdays if need be, to acquire adequate religious instruction, and that taking them out of school for additional instruction is disrupting to the educational system. Another factor which has aroused some protest on the subject is that children who do not feel the need of religious instruction will have a half school day at their disposal each week which they will probably spend hanging around the streets.

According to the educational code if some students are released from school to attend extra curricular activity, all must be released.

The Delphian Society, Alpha Chapter, met yesterday at 10 a.m. at the Parrish House of St. Paul's in the Desert, with Mrs. Francis Crocker presiding. Discussing the study topics of the group were Mrs. James Malone, Mrs. Mitchell Hechter, Mrs. Benson Benjamin and Mrs. Harrison Barnes.

## Coming and Going

By AILEEN HAGERTY

While many winter colonists and villagers are joining the exodus to summer homes and vacation resorts, newcomers continue to "discover" Palm Springs and visitors come to enjoy springtime in the desert. . . The Longley Walkers of Summit, N. J. are spending a few weeks with his uncle and aunt, Mr. and Mrs. Kirk Johnson, at their winter home on Vereda del Sur. This weekend the visitors will accompany the Johnsons to their summer home in Santa Barbara.

New home owners, the Fred Albertsons, are adding a swimming pool to their property at 926 Panorama Rd. and will remain here through part of June. Then they will go to Los Angeles where they lived for years, and will spend part of the summer in their Balboa beach home. . . Mr. and Mrs. George Belvey came from Hidden Valley recently to pay a visit to the Albertsons. At a recent party the Albertsons were being introduced by Mr. and Mrs. James E. French, the two couples having been friends for many years.

After a stay in Los Angeles, Mrs. Grace Burgess has returned to Vaughan Arms. Her brother-in-law and sister, Cmdr. Reginald S. H. Venable, USN, ret. and Mrs. Venable, the former Fay Bainter of stage fame, who have been vacationing here, now are in Los Angeles but plan to return to Vaughan Arms for a short stay before they go back to New York.

Honolulu will be the destination of the Walter Fifields when they leave here early in June. They plan to return in October to their home on Monte Vista Drive.

## Alsichlers Hold Farewell Party

Mr. and Mrs. Ernie Alsichler bid farewell to a small group of friends Sunday evening with cocktails and supper around the pool. They leave tomorrow for Chicago, will reopen their home here next fall.

Among guests were Mr. and Mrs. Bob Bennett, Mr. and Mrs. Chuck McGann and Mr. and Mrs. Ken Clark. Discovery was made in the course of the evening that Bennett, McGann and Clark were all born and raised in Peoria, Illinois, first became acquainted in Palm Springs. Also at the party but not from Peoria were Mr. and Mrs. Ed Neiboth, pianist Ken Clark entertained the company with music following supper.

Miss Patti Cummings has resumed her studies at Immaculate Heart high school, Hollywood, after spending the weekend with her parents, Mr. and Mrs. John Cummings, 561 Paseo de Anza. While here she attended the Junior-Senior prom at the Racquet club.

Newcomers from Dayton, Ohio, the Edward Canbys and their children, Judie, Tommie and Dickey, have become permanent villagers and are living at 845 S. Riverside Drive. Mr. Canby, a photography specialist, has a studio in the center.

William and Eve Brooks joined the spring exodus last week and now are cruising up the coast from San Diego to Vancouver, B. C., their home city. They are making the trip on their recently purchased yacht and will stop over at places of interest along the way.

Although Mrs. Della Gates returned only recently from a Mediterranean cruise, to her Smoke Tree Ranch home, she is busy with plans for a trip to Emmett, Idaho, to visit her son-in-law and daughter, the William Moores. Later she will spend some time in Beverly Hills, and plans to return to Smoke Tree in October.

Visitors at the home of Mrs. Charles Dant this week are her sister, Mrs. Ralza M. Brown, and her son, Stanley Brown of New York. Next week Mrs. Dant will leave for her home in Vancouver, Wash., accompanied by her grandchildren, Daphne and Diana Kerr, and early in June Mrs. Dant's daughter, Mrs. Dorothy McNary and her son, Wilson, will join the family in Vancouver. They plan to be gone until October.

Newcomers to Smoke Tree Ranch, Mr. and Mrs. J. Blake Field, with their daughter, Jan, and son Freddy, came here on a vacation trip last February, decided they would like to live in this area and now are busy with plans for a private day school they will open in October. Mr. Field has been engaged in educational work in Arizona for more than 20 years, and they lived in Phoenix before coming here. Mr. Field, an alumnus of Groton and Harvard, is remodeling the Marsden Foundation for his school, to have classes ranging from seventh grade through high school.

Having cancelled plans for a trip to Europe this summer, Mrs. Harry (Mary) Bedford Jones will spend the greater part of the summer visiting relatives and friends in the East. She will remain in her Cathedral

City home until June and then will go to Washington to visit her son-in-law and daughter, Capt. Edward Grimm USN, and Mrs. Grimm, the former Ernestine Bernardin. Later she will visit another son-in-law and daughter, Mr. and Mrs. Harry Bissell, (Kathleen Bernardin) in New York, and will spend part of the summer with relatives in Northern Michigan, where the family has a country place.

Concluding their second winter in Palm Springs, Mr. and Mrs. Jules E. Hamachek will leave this week to spend the summer in Manitowoc, Wis. They plan to return in November to their home on Mesquite avenue.

Village residents who will remain through the early part of the summer include the Joe Gambles, whose summer program includes visits with relatives and friends in Oregon and Washington. Also they are making tentative plans to do a little fishing in Canada, when he can take time off from TV projects that are under way to give Palm Springs service next fall.

After a spring vacation trip, Mr. and Mrs. Frank (Melba) Bennett and their daughter, Deedee, have returned from Honolulu. They arrived in Los Angeles the past week and are spending a few days there before returning to their Palm Springs home on Valmonte St.

## Villagers Attend State Convention of PEO Chapters

Mrs. William A. Lippman, president of Palm Springs P.E.O. Chapter KV, and Mrs. Ethel Gatten Watson, past president of the California State Chapter P.E.O. have just returned from the state convention at San Jose, where 401 delegates met for three days in the Civic Auditorium to elect new officers and plan for the 1952-53 work. They reported a strenuous but happy trip. Mrs. Ruth P. Inskip of San Francisco was elected to the office of president of the California State Chapter, as Mrs. Ruth S. Varney of Banning ended her successful year.

**NEWLYWEDS**—Dr. and Mrs. Robert C. Morrey, whose wedding was a recent event, will live in Palm Springs after a honeymoon trip. (Frank Partridge Photo).

## Mrs. Freeman is Bride of Dr. Morrey

A reception for approximately 75 guests followed the private wedding ceremony that united Mrs. Edith Fortier Freeman and Dr. Robert C. Morrey, May 5, in the bride's home. The Rev. James Blackstone, pastor of the Palm Springs Community Church, officiated and Mr. and Mrs. Burnham Bigelow attended the couple.

The bride, a former resident of Portland, Ore., has been living in Palm Springs six years. Dr. Morrey came here from Chicago about five years ago.

An ensemble of gray silk shantung worn by the bride was fashioned with a full skirt and bateau neckline, and she wore a cluster of orchids in her hair. The candle-light table from which refreshments were served was adorned with white blossoms.

The date also was the birthday anniversary of the bride and after the wedding reception the couple joined a party at the George Coleman's home, given to celebrate Mr. Coleman's birthday anniversary.

Shortly after the wedding the Morreys went on a trip to Las Vegas, Nev., and after visiting various coast resorts they will return to the Village and live at 585 Paseo de Anza.

## Swimming Party Marks Birthday

A swimming pool party was included in the birthday anniversary program of Mace Robin Gazda, with a group of his classmates at St. Theresa School helping him to celebrate his tenth birthday at the home of his parents, Dr. and Mrs. Mace Gazda. Before the splash in the pool, Mace Jr., and his guests attended a movie, and later refreshments were served, including a huge decorated birthday cake. Sharing in the festivities were his cousins, Bruce and Susie Waller.

Sunday Mace, Jr., made his first communion, which was followed by a family breakfast at Thunderbird Country Club, and a gathering of relatives and close friends at his home that evening. After school closes the Gazdas will go to Chicago, where Dr. Gazda's profession keeps him the greater part of the time.

## Cahuilla School to Stage Party at Final Session

## Ever hear of this American Revolution?

This American Revolution took place without muskets, without riot, without bloodshed. But it was one of the most important in history... a "revolution" stemming from the development of the container known as

the tin can. Consider how the can-making and canning industries have bettered our economy through mass-production and utilization of modern containers for more than 1500 products:

1. These modern containers have improved public health by making available a varied and nutritious diet.

2. They have provided more and better jobs in manufacturing, processing and distribution.

3. They have increased and stabilized farm income by lifting seasonal limitations on marketing.

These modern containers have increased purchasing power and stimulated economic development.

5. They have turned wasteland into fertile acres, thereby increasing the property value of farm land.

6. They have made available better products packaged more conveniently and economically.

7. These containers helped strengthen the nation by providing ample food reserves for our armed forces.

Only in America—where a free, competitive economy encourages and stimulates enterprise—could such a wonderful "revolution" have occurred.

## SOCIALLY SPEAKING

By Aileen Hagerty  
Sun Society Scribe

Balmy starlight evenings have been the inspiration for a number of beautiful home parties this month, when blooming cleaners and other spring flowers add color and beauty to the patio and garden settings of these fiestas. A full moon enhanced the garden scene when Mrs. Anna (Lovey) O'Donnell gave a buffet supper dance Sunday at her attractive home on Vereda del Norte. The hostess, who was saying aloha to some of her Village friends, wore a becoming dress of pale blue silk tissue, fashioned with an accordion pleated skirt and a strapless bodice, appliqued with heavy lace, complemented with a matching scarf.

### Party Around Pool

Supper tables for approximately 60 guests were arranged on the terrace around the swimming pool, which was centered with a miniature boat laden with flowers and lighted by tall white tapers.

Mrs. O'Donnell, Mrs. Farrell and the Mayor.  
(Terry Photo)

An orchestra played for dancing in the patio, and a song, dedicated to the hostess, was composed and sung by Jack Kenney. Hollywood song writer, who played the guitar accompaniment and was joined in the singing by Barney Foy, one of the "famous Foy's" of Hollywood. The song is named "A Lovely Girl Called Lovey," which is the familiar name by which Mrs. O'Donnell is known to many of her friends here and in Texas.

Although several of the guests were attending their last party before leaving for the summer, the Glenn Austins, who have a beautiful home on Canyon Place, told friends they plan to remain here through June. Petite Vivian Austin was being congratulated because she and Sammy Sontag won a prize in the Charleston contest at the Racquet Club Saturday. Mayor and Mrs. Charles Farrell were among the guests and he was being congratulated because he has been given a lead role in the TV show, "Little Margie," to begin June 18. Early in June Mrs. O'Donnell will go to Hollywood and remain in her home there until mid-summer when she will go to New York, and will visit Italy in August if she can get suitable transportation.

### James Hammonds Entertain

Villagers and visitors were guests of the James Hammonds when they entertained at a cocktail buffet party the past weekend in their attractive home on Hemosa Place. Guests assembled in the garden patio, with moonlight adding to the charm of the setting. Helping to make the party a success was Mrs. Joe Pawling, attractive daughter-in-law of the hostess.

Greeting friends they were seeing for the first time since their recent return from Seattle were Mr. and Mrs. Rowland France. Shortly after their marriage last winter they went to Washington state where Mr. France has business interests, being an official of the National Security Investment Company. Mrs. France, the former Hazel Meyer, has lived here for several years and they now are occupying their home on Via Monte Vista.

The Hammonds also were introducing Villagers to the Herbert Fritzlauffs of Palm Desert, who were accompanied by their house guest, Mrs. Fred Hilpert of San Marino. The Frank Ryans just returned from a Caribbean cruise told friends they will remain here through the greater part of the summer. With Mrs. Joseph (Mary) Grabner was her house guest, Miss Dolly McGraw of Los Angeles, and Theodore Roche, member of a prominent law firm of San Francisco, was exchanging greetings with some of his Village friends.

Mrs. Rowland France

Sunday afternoon Mrs. Grace Pope invited a few friends to her home on Riverside Drive to meet Mr. Roche and Mr. and Mrs. Vincent Mullins, also from San Francisco.

### Entertains at Indio Home

Several Palm Springs friends of Mrs. William F. Carey were among guests when she entertained at a luncheon recently in her attractive home near Indio, Bonnie Dunes Ranch. In the group were Mrs. Austin McManus, Mrs. Oliver Jaynes and Mrs. George (Mimi) Sawtelle. The homes of Mrs. Carey and the junior William Careys are built on dunes, each surrounded by hedges of tall blooming oleanders, and the grounds are landscaped with colorful shrubs and flowers. Both houses have picture windows on all sides, affording views of big groves of date palms and citrus trees, a pleasing green oasis on the desert scene, with snow-capped mountains in the distance. "This is a picture to which no artist could do justice," remarked one of the admiring guests.

Mother's Day was observed by the Kenneth Colborns and Ken, Jr. by keeping open house in their home on Pablo Drive, and among their guests were several who were saying "au revoir" until fall. Early in June the Colborns will be joined by their son, Chase, who is finishing his junior year at Dartmouth. He and a college friend, Tom Lockie of Beverly Hills, will motor back to California together.

A visitor seen at many of the spring parties is Mrs. Thomas Fitzpatrick of Santa Monica, who is the house guest of Mrs. Edward Bacon. Mrs. Fitzpatrick has been here on previous visits and is enjoying reunions with some of her Village friends.

### Guests at Reichel Ranch

Visitors at the ranch home of the William Reichels, her mother, Mrs. John Ross Smith and Miss Dorothy Luchterhand, both from Oakland, have been sharing in some of the informal spring entertainment. Shortly after their arrival Mrs. Reichel was hostess to a small group of friends at a barbecue supper. Guests included the Dean Vincents, who divide their time between Rancho Mirage and Portland, Ore., also the John Deatons of Beverly Hills. Mr. Reichel returned recently from Oakland, home city of the Reichels.

As a farewell to a group of their Village friends, the Stephen P. Burkes were hosts at a swimming party Sunday, followed by a buffet supper on their pool deck. They spent the winter at their home on Chino Drive and will return this week to their home city, Yakima, Wash. The Burkes had as their house guests the past week Perry Lynch, vice president of the Union Pacific Railway Company, and Mrs. Lynch, from Omaha. The two couples have been friends for many years. Late October is the time set by the Burkes for their return to Palm Springs.

When Mrs. Edmund Dunne gave a luncheon Tuesday at the Racquet club the party was a farewell for Mrs. Arthur Samish, who will return soon to San Francisco. The Dunnes, who spent the winter here, will return to San Francisco early in June.

Friends from Palm Springs and other nearby resorts were guests of Mrs. Mars Harvey when she gave a buffet supper recently in the garden of her attractive home in Cathedral City. Villagers who shared in the festivities include Mrs. Catherine Hostler of Bonita Lodge and Mrs. Ona Brown who lives on Palo Verde. Mrs. Brown returned recently from Louisville, where she went to attend the Kentucky Derby, and is making tentative plans for a trip to Europe. Dr. and Mrs. Harvey divide their time between Cathedral City and Pomona, where he is on the staff of Pomona University.

Busses to Roll  
 Through City  
 Again Soon

Agreement Ends  
 10-Week Strike  
 of Stage Drivers

Greyhound busses are expected to be rolling through Palm Springs again next week after ten weeks without bus service here due to a strike of drivers on the Pacific Greyhound system.

Settlement of the long strike which seriously inconvenienced shippers and travel here, was announced in San Francisco Sunday. Chief demand of the drivers—a five-day week—was granted. Drivers will be given a 4.6 per cent wage increase at once but the five-day week will probably not go into effect until Fall.

Seven states were affected by the walk-out which began here during the height of the season. It hampered inter-city travel on the desert and also express shipments to the county seat and Los Angeles.

Bankamericans  
 Family Estate  
 Plan Expanding

A report just made to employees of Bank of America on last year's operations of the Bankamericans Family Estate profit-sharing plan shows that \$7,547,354 was devoted to immediate employee benefits and to a program to build an estate for employees and dependents. To eligible participants this gross benefit was equal to approximately two months' salary.

Of the full 1951 amount, \$4,408,266 was applied to immediate benefits to every fulltime Bank of America employee in the continental United States who had served four months or more in that year. Such benefits paid for by the bank included group life insurance, dependent life insurance, hospital and surgical insurance, retirement annuity insurance and sickness benefits.

The remainder was used to purchase 120,889 shares of the common stock of the bank, distributed to the accounts of employees with five or more years service.

President L. M. Giannini said it is hoped the plan will assure the financial security of those who make a career with the bank. Retirement income from the Family Estate plan is in addition to payments received from the bank's regular retirement annuity plan adopted in 1935.

A total of 1,324,314 shares in Bank of America has been purchased for the benefit of participating employees since 1935 under the Family Estate plan and predecessor profit-sharing plan, it was revealed.

The Other Side of the City Hall

by CITY MANAGER RUSSELL RINK

"What's cookin' at the City Hall?" is a question often asked by the citizenry. The answer you get depends upon whom you asked. A vitriolic critic might say some unappetizing, inedible mess is about to be served to John Taxpayer. Another more benevolently inclined might tell you that a nourishing bit of community betterment has just been put on the front burner.

This diversity of opinion has prompted the publisher of the Desert Sun to ask one of the cooks of the municipal stew to give his version of the ingredients in the pot. That is how I happen to find myself in the role of "Culinary Columnist."

Each week I'll endeavor to cover some phase of the City's operations that has not been treated in regular news stories.

RECOGNIZING that competition for the reader's attention is keen, I'll resort to the time proven trick of opening up with something sensational to titillate the readers' curiosity. SECRET MEETINGS TO BE BARED AT CITY HALL! How's that for an opener?

There is the inside dope. So-called secret meetings of the City Council are not inequities, poison-pill-rolling sessions. To be sure there are many heated arguments, but the heat produces light with the result that all facets of a controversial subject are illuminated.

The other evening, for instance, the Council held a conference to discuss these varied problems. Need for off-street parking and how to fill it.

Candidates to fill vacancies on the Planning Commission. Renewal of the Seattle Rainiers' contract and the possibility of getting a major league ball team to use the Polo Grounds. Fly problem on Section 14. Can a substitute for barn yard fertilizer be found so that we won't be troubled with flies during the lawn planting season? Disposition of the Lienau Village housing project buildings. The 1952-53 budget.

FOUR AND A HALF HOURS and many thousand words later the Council called it a night, or rather a morning because the clock said 12:30 a.m. Without ample time for uninhibited discussion of important problems, a councilman has no sound basis for intelligent decision. If all exploratory discussion were held at regular sessions...

ular council meetings the audience would be worn out (even during regular meetings now only the hardy observers last beyond 11:00 p.m.).

An important fact overlooked by critics, who are sure conferences are nothing but smoke filled, back room, intrigue sessions, is that no official action of any kind can be taken except at a formal council meeting open to the public.

HAVE YOU SEEN the village's newest bright spot? No, it doesn't serve meals or the devil's brew, but the floor show is an eye-opener. It's Indian Avenue with reflectorized traffic stripes and crosswalks—the first in town. Drive down after dark and notice how your lights pick up the markings. You could say the trick is done with mirrors. Millions of tiny glass beads, which could be mixed with your granulated sugar without your knowing it, until later are sprinkled on the traffic paint while still wet. Even after the stripes become coated with traffic scum the minute beads smile through the overcast when headlights strike them.

Sessions of Indio  
 Court Continue

Judge Clarence Kincaid who was assigned to the Indio branch superior court for the months of February, March and April, will continue another month at the court. It was announced last week.

Designed to relieve the backlog of cases in county superior court, the Indio sessions have made much progress but because of the heavy calendar, it was impossible to clear all cases in the three month session originally planned.

Progress Made  
 in Cutting Down  
 Backlog of Cases

Presiding Judge O. K. Morton of Riverside superior court said Thursday that the county's four departments, three at Riverside and one at Indio, are making substantial progress in reducing the crowded calendar.

Judge Morton said that since the first of the year, the backlog of cases had been reduced from 360 to 302.

The slash of 58 cases so far, he said, means that litigants who might have had to wait more than a year, now will go to trial several months earlier.

During April, Judge Morton said, 51 civil cases were tried. Thirty-four cases were added to the calendar, meaning a net gain of 17 on the backlog.

Between January 1 and April 30, 164 cases were settled in the county courts besides many legal rulings, demurrers, special hearings, criminal, probate and juvenile matters.

Judge Morton said the "pre-trial" sessions at Indio before Judge Clarence Kincaid have saved much time and money. Fifty-three cases were on the pre-trial calendar, four without pre-trial, 14 tried after pre-trial and 25 cases settled without trial.

Spring burgeoned in the heart of Rex, a collie owned by Mr. and Mrs. Frank Schenk of San Jacinto Way and he left his home to gambol about the town. He was recovered by police officers.

Also reacting to the vernal season was Floppy, a white male rabbit owned by Mrs. Florence McRory. Needless to say, he did not return to his home, but was found by Lloyd Simon in his garden and restored to his owner.

Mrs. Mary Clark found a stray monkey with a green collar chattering at passersby from her oleander bushes.

Air Force Man  
 Killed in Wreck  
 at 1000 Palms

Sgt. Vernon H. Ennen of Caruthers, Calif., en route to Walker Air Force base in Roswell, N. M., was killed when his eastbound automobile sideswiped one hay truck and crashed head-on into another on Highway 99 just east of Thousand Palms at 2 a.m. Sunday morning.

Sgt. Ennen, Deputy Coroner Paul Miller said, had been married at Fresno Saturday and was returning to the air force base when the tragedy occurred.

Sgt. Ennen was the second air force officer to be killed in a highway accident near Thousand Palms in a week.

Saturday evening Mr. and Mrs. Walter Thomas of Ontario were killed in another truck-auto collision within a short distance from the spot Sgt. Ennen died.

The accidents raised to four the fatalities on county highways over the weekend.

## Chamber Meets in Busy Session

Newly elected president Edward Biles presided at the monthly meeting of the Chamber of Commerce held last week at Town Hall. Claude Cobb was elected as a director replacing John Cousin. The election of another director in place of William Stute, resigned, was tabled until the next meeting. Treasurer Carl Emerson reported about \$850 remaining in the general fund after providing for scheduled payments. He said the total in the fund was \$2880. Walter Melrose has refunded the sum of \$630 paid him in connection with a loan on Sunair Park with the preference, but not the requirement, that it be earmarked for park development. This money was transferred to the park fund in accordance with that request. \$1400.00 is due on the fire hall payment which leaves \$850 to cover all expenses and proposed activities of the chamber for the year. President Biles expressed the need for further water piping and rest rooms in the park. Director Bud Rupp voiced the desire on the part of many for some minimum form of street lighting for the village.

Director Paul Clark, chairman of the publicity committee reminded the board that the supply of Cathedral City folders was about exhausted. Fifteen thousand have been distributed during the past two seasons. These folders, besides extolling the advantages of Cathedral City contain a map and description of sight seeing possibilities in the entire surrounding areas, so that visitors are influenced to extend their stay here.

As the desired projects would require more expenditures than there are funds available, a budget committee composed of Paul Clark, William R. Hewitson and Carl Emerson was appointed to attempt to reconcile the difficulty.

Director Emil Greener who has been chairman of the house committee for some time asked to be relieved of that job. He was appointed to head the fire committee. Director Warner Moon was asked to chairman the house committee and agreed to consider the appointment. Director Oscar Levier accepted appointment as chairman of the park committee.

The board authorized the liability insurance of the Chamber increased to \$25,000 per person and \$50,000 per accident.

At the suggestion of director and librarian Warner Moon, a resolution was adopted urging the board of supervisors to increase the appropriation for the County Library system. Moon told the directors that about \$15,000 of the \$25,000 budgeted the past year for the 29-branch county system is eaten up in fixed overhead—salaries of four employees and maintenance of a building. Only \$10,000 remains each year with which to buy books for the many libraries. Moon reported Albert Charles Lake, director of the Riverside city library which contracts with the supervisors to buy books for the county system, has said he could render adequate service for an additional \$15,000—making a total budget of \$40,000.

Branding the present system inadequate for needs of the far flung county libraries, Moon said he usually receives one copy of best sellers which he is permitted to circulate for four to six weeks and then must pass on to another library. He pointed out that because Cathedral City's library is second in total circulation of books in the system, it is usually favored with one volume of a top-ranking book even when only a handful of volumes can be purchased for the whole system. Assuring the directors that "it is the winter visitors who use the library most," Moon lamented his inability to provide a real selection of current fiction and basic non-fiction. He reminded the group that San Bernardino county spent \$125,000 on its county libraries last year—five times the Riverside county allocation. He stressed the importance of the library in keeping winter visitors amused and in keeping them in town longer.

## Mayers Keep Many Families Happy

A "private enterprise" philanthropy is being conducted by

Leon B. Mayer and his wife of Palm Valley Trailer Park just east of Cathedral City. Your correspondent noted seventeen of the large mesh onion sacks stuffed with clothing loaded in Mayer's car ready for shipping to various points in Europe. Mayer, if equipped with a tall hat and striped trousers would be an exact replica of Uncle Sam. He stands 6 feet 6 inches, pure white goatee and is approaching the allotted three score years and ten. Several years ago Mr. and Mrs. Mayer contributed clothing to one of the European relief societies. They attached letters to the various articles which in many instances were answered. In this manner they have built up a list of 60 needy families in Germany, Poland, Austria, Hungary, Roumania and Italy whom they now supply. Out of an unbelievably meager income the Mayers purchase clothing from rummage sales and other sources and personally take care of all expenses in packing and shipping. Mayer is a deeply religious man and says that he feels he is doing the Lord's work. He feels that he is well recompensed by the grateful letters received from his "clients." He came to California for his health and came to this desert area as the result of a Cathedral City folder received from the state chamber of commerce office in San Francisco.

## Church Women at 29 Palms Meeting

Some 20 women of St. Louis Catholic church are attending a valley-wide meeting of Catholic women at Twenty-nine Palms today. A luncheon will be given at the Twenty-Nine Palms Inn. This trip will be the last of a series held during the past year. Recent meetings were attended in Beaumont, San Jacinto and Indio.

The women's guild will continue to hold its bi-monthly meetings throughout May and perhaps in June. A number of social meetings are planned to be held during the summer months in the homes of various members.

The Guild has had a most successful season, beginning with its well-established rummage sale in the fall; its several dinners; and social affairs.

During the past months, through the efforts of the Guild, hundreds of dollars worth of kitchen equipment and dishes have been purchased for the parish hall.

## Around and About

Ten Scouts from Cathedral City will attend the Riverside County Council annual Camporee at Camp Emerson near Idyllwild on Friday, Saturday and Sunday of this week. The boys will leave the Town Hall Friday at 4:45 p.m. and will leave Idyllwild on the return at 11 a.m. Sunday after church services. The camp is a climax of the year's activity for 400 to 500 Riverside County Scouts. The public and particularly Cathedral City Lions Club members who sponsor the local Scout Troop are invited. Members of the patrol who will make the trip are Robert Rock, Apache patrol leader, Rodney Gorges, assistant patrol leader, Gershwin Haltman, Will Thompson, Jerry Noe, Tommy Larstead, Marvin Gallier, Billy Dossey. The patrol members are entirely on their own in planning and laying out their camp. They will be "chaperoned" however by Scoutmaster C. H. Mitchell and senior Scouts Gerald Egbert and Dave Ellinger who will constitute headquarters camp.

"Complete your Thought Treatment" will be the subject for the talk Sunday night by Rev. Pearl Lady Moore, pastor of the Institute of Religious Science. This is the tenth in a series of talks by Rev. Moore held each Sunday night at 8 p.m. in the Town Hall in Cathedral City.

Robert Sherrill, manager of Cathedral City Water Company, states that despite the steel shortage, 4900 feet of steel pipe has been received. 900 feet of this is six inch pipe which will be installed for the benefit of the Cathedral Fire Protection

District. The balance will be used for new property to be subdivided in Cathedral City Highlands at the southern edge of Cathedral City and in the Charlesworth tract.

Secretary Larry Weingartner of the Lions Club reported that during the past year Cathedral City Lions had contributed \$165 to the local school milk and lunch fund, \$120 toward maintaining Troop 81 of the Boy Scouts, \$90 toward the Kyle Memorial in Sunair Park and \$50 for Christmas baskets for needy families. The report was given during the program incident to the annual installation of officers held last week at a dinner meeting at the Chi Chi in Palm Springs as previously reported in this column. Outgoing president John Danchak was commended for his civic activities during his tenure after which he turned over the gavel to his successor Jim Wolcott. President Jim will next Thursday preside over his first meeting, and the club's last meeting until October.

Miss Elizabeth N. Pukas, school nurse, attended the executive board meeting of the California Division American School Health Association in Los Angeles on Saturday. The members planned the fall Health Education Institute which is to be held at the Foshey Junior High School in Los Angeles on Saturday, November 22, 1952. The topic for discussion and investigation is to be "Normal and Abnormal Behavior Patterns of School Children and Emotional Climate in the School." Institute credit will be granted to teachers attending this meeting.

Robert Jakobsen, with his wife Lucia and daughter Shelley of Manhattan Beach spent the Mother's Day weekend with his mother Mrs. L. C. Lewis.

Mrs. Isla Rock was the proud recipient of a lovely bouquet on Mother's day wired by her son Harold who is stationed aboard the U.S.S. Frontier in Western Pacific waters, and who is due for discharge in September. Mrs. Rock's son, William, with his wife Mary Lou have moved to Chicago after spending the winter in Cathedral City. Latest reports are that it is still cold

County and City Sign Agreement

County supervisors Monday voted to extend until July 1, 1953, agreement by which the county health department acts as city health department for Palm Springs and four other county municipalities.

City council recently ratified the agreement.

The other four cities are Riverside, Indio, Blythe and Coachella.

## Warren Group Includes Villagers

Phil Boyd, chairman of the Warren Delegation in Riverside County, has announced that the Warren Delegation is being actively supported on a county-wide basis.

Boyd said, "Members of the Riverside County Committee for the Warren Delegation for the Coachella Valley-Palm Springs area, include the following Republicans: Mrs. Helen Hester, Kenneth Lichty, Melba Bennett and Hilton McCabe." This is the one official Re-

## Contractors Held on Check Charge

Joseph DuVail, 42, and his brother, Leon DuVail, 40, of Yucca Valley, were at liberty under \$1000 each awaiting preliminary hearing May 15, in Judge E. E. Theriault's court on a check charge.

They were arrested at their home in Paradise Valley tract, Yucca Valley, Tuesday night by Deputy Sheriff Ray Youngberg and David May, the latter special investigator for the district attorney's office.

They are accused of giving an insufficient fund check to a sub-contractor on the Harpo Marx home at Thunderbird.

publican delegation on the ballot for June 3, according to Boyd, and includes Senators Knowland and Nixon, and Congressmen John Phillips.

## "Can You See?" Dr. Blackstone's Subject Sunday

Dr. James H. Blackstone, Jr., pastor of Palm Springs Community church, said that he will use his theme Sunday at the 11 a.m. service, "Can You See?"

"Describing some of the prominent people of his day, Jesus said of them, 'Having eyes, they see not'." Dr. Blackstone said. "There are many people today to whom these words are applicable."

Sunday school classes begin at 9:45 a.m. It was announced that the Sunday school bus service would continue throughout May.

Junior and senior Christian Endeavor societies meet at 6:15 p.m.

At the 7:30 p.m. service the annual May Choir Festival will be held with the five choirs of the church taking part under direction of Mr. and Mrs. Harry Tomlinson, Jr. Awards will be given members of the Junior choirs for special achievements.

An inspiring program of vocal music has been arranged.

## Art Coffey Takes Over Program of Toastmasters

Art Coffey, newly elected president of Toastmasters, takes up his duties tonight and will present Paul Traver, Don Seiler and Charles Travers as a panel of speakers at the dinner session at Del Tahquitz hotel at 6:45.

Ted McKinney will present a five-minute impromptu discussion.

William Foster will lead the critics and Dr. Charles H. Baldwin will direct the round table discussion.

## Lost Youth Can Be Restored

You can now learn self-hypnosis in Desert Hot Springs. No other training is so easily acquired and so well designed to put health, happiness and personal development securely within your reach, even bring back lost youth, revitalizing every organ in your body. During the hypnotic trance curative forces are mobilized which are latent within you, no matter how desperate your case or nature of your illness. You do not need to despair however "incurable" you may have been pronounced. The hypnotic state of mind is the only one from which you can expect magic and miracles. Moreover, it has definite pleasure values. Well-being will spread through your nerves, so exhilarating you will feel like on creation's first morning. More and more people come to enjoy the fantastic benefits from self-induced hypnosis. You can take the training now. Dr. Rautenberg will be long enough in Desert Hot Springs for you to finish the training before he leaves for Europe again. Come and consult him about it without obligation.

## Dr. Macartney Writes from Old Home in Pennsylvania

Editor, The Sun: From my boyhood home, Fern Cliffe, College Hill, Beaver Falls, Pa., I send my greetings.

The occasion of our being here was the 25th anniversary of my brother Clarence's pastorate in First Presbyterian church, Pittsburgh. It's a great and historic church. About three pastors in each century is the record.

It was founded at the confluence of the Allegheny and Monongahela River, about the time of George Washington.

There were three great services on Sunday April 27. With 1700 present each time. A flock of ex-moderators of the General Assembly and various members of my family took part. There were four Presbyterian ministers, my brothers, twenty five years ago, when we installed him as pastor in that church.

He conducts a noon day meeting every Tuesday for businessmen, and about 700 attend each week.

A reception was held in our old home here on the College Campus at Geneva College on Saturday the 26th. As an anniversary gift the home was refurbished beautifully. Our father Rev. John L. Macartney was connected

with this college all his active life. While the home now belongs to the College, it is set aside as a dwelling for my brother, Dr. Clarence, to occupy whenever he wishes. He often comes down to do his writing and studying.

He is the author of over forty books.

Mrs. Macartney has gone on to visit friends in Providence, Rhode Island, and later to visit Mrs. John H. Jenkins at Southold, Long Island.

I shall take in the General Assembly of our church in New York before turning west. Word has reached me that the Hawaiian party held at Shadow Mountain Club as a benefit for the building fund of the new church down the valley, netted \$7569.00. This will enable us to make considerable progress with the manse which is now in process.

The church services there close next Sunday, May 11. Before leaving I had Charles Cobb make a tape recorded service, which will be used that Sunday which will likely be the last service for the season.

I send cordial greetings to you all.

John Robertson Macartney

## Student Talent to Offer Music Show Tomorrow

"Trial by Jury," an operetta by Gilbert and Sullivan, and a variety show will highlight the annual musical show at the high school gymnasium tomorrow at 8:15 p.m. Wynne and Alex Hammond are presenting their glee clubs in a double bill designed to tickle the ribs of youth-minded villagers. The high school orchestra under the direction of Gustave Patzner, will also be featured on the program. Admission is free and the public is invited to attend.

First on the program will be the variety show featuring talented students in songs, dances, gags and fun. Standouts in the show will probably be Ann Ellis in a Dutch novelty number, Don Brown, Palm Springs talent show winner, and the famous Florida Sextet singing "Tell Me, Pretty Maiden."

The operetta, "Trial by Jury," features Leo Rojo as the judge; Mary Jean Lennie as the plaintiff; Ruben Salazar as the counsel for the plaintiff; Peter Isenogle, defendant; Charles Del Vaglio, as the foreman of the jury; and the usher, Roland Summit, who tries desperately to keep order in the court. There will be bridesmaids (beauties all), jurymen (stern and unbiased?) and spectators (characters all).

The high school orchestra under the direction of Gustave Patzner will accompany the operetta, and it will be featured in a beautiful Romberg medley with the choruses as a finale to the variety show.

### Off to Europe

Ethel Valles of the Palm Gift Shop, 641 North Palm Canyon drive, closed her shop last week and left for England and France on a buying trip for her shop which she plans to reopen in the Fall. While abroad she will also visit her family in England.

## Film on Alcohol to be Shown at Service Sunday

The Rev. R. A. Rentfro, pastor of the Palm Springs Seventh-day Adventist church said Tuesday that the film "Alcohol and the Human Body" will be shown Sunday night at the church—and the public is invited.

"Seventh-day Adventists operate 163 medical institutions throughout the world. They maintain a medical school that has been given an A rating by the American Medical Association—The College of Medical Evangelists graduates annually 75 to 100 doctors"—said Rev. Rentfro.

"The Seventh-day Adventist Church—in addition to operating these many medical institutions—believes in total abstinence from the use of tobacco and alcohol in all its forms. The simple fact is that California drinkers spent a total of over 720 million dollars for liquor in 1950, an average of nearly 2 million dollars a day. This is sufficient to build 43,750 homes costing \$12,000 each and provide each with \$2000 worth of furniture and a \$2000 car. The amount spent for liquor in California in a single year would have built a city large enough to house 150,000 people, furnish each home and give each family a \$2000 automobile," he said.

## Confirmation Services Held at Temple Isaiah

A large number of members and friends assembled in Temple Isaiah on Sunday afternoon, May 11th, to witness the sacred and impressive ceremony of confirmation, at which three nine students of the Religious School, who have completed their early religious education, were admitted into full membership in the faith of Israel. Befitting the beauty and solemnity of the occasion, the altar was decorated with many flowers and plants.

The following students were confirmed by Rabbi Arthur B. Lebowitz: Michael Allan Black, Arthur Bernard Coulton, Larry Ronald Coulton, Alfred David Goldenberg, Dolores Ann Kalom, Tiki Lebowitz, Kenneth Irvin Reich, Barbara Jean Rosin, Elaine Dorothy Slaten.

Confirmation certificates were presented to the confirmands by Henry Goldenberg, president of the Jewish Community Center and Bibles were presented by Adrian Rosen, principal of the school. Mrs. Annette Freeman, president of the Palm Springs Jewish Women's Group, made a gift to the Center library in honor of the confirmands. A reception was held in the Social Hall following the services.

## Rabbi Lebowitz to Review Year

Sabbath services will be held tomorrow evening, Friday, at 8:15 o'clock at Temple Isaiah, of Jewish Community Center. Rabbi Arthur B. Lebowitz, has chosen for his sermon topic: "A Year in Retrospect."

The Bar Mitzvah of Charles Harold Grose, son of Mr. and Mrs. Max Grose, will be held on Saturday morning, May 17 at ten o'clock

The local district camporee was held recently on Ramon road between Indian avenue and Palm Canyon drive.

## Fr. Klumbis Now at Idaho Church

Word was received in the Village this week that Father Raymond Klumbis, formerly at Our Lady of Guadalupe, reservation church, is now pastor at St. Peter's church in Shoshone, Idaho.

Ill for several weeks at St. Joseph's hospital in Albuquerque, New Mexico, the cleric was able to quit the hospital a short time ago and accepted the Idaho city pulpit.

## Children's Day Sunday's Topic at Cathedral City

Sunday, May 18, Children's Day, will be observed with special emphasis on the Bible school at Cathedral City Community church and it will be marked as advancement day for the school.

Dr. Graham Hunter, pastor of the church, will deliver a special message of recognition for the Bible school and its various classes.

"The Children in Our Community" will be the theme of his sermon at 11 a.m.

At the Bible school, starting at 9:30, in addition to the advancements, there will also be individual programs by the different classes. Ed Dering's class, in intermediate school boys, will stage a pageant of familiar Bible scenes in costume.

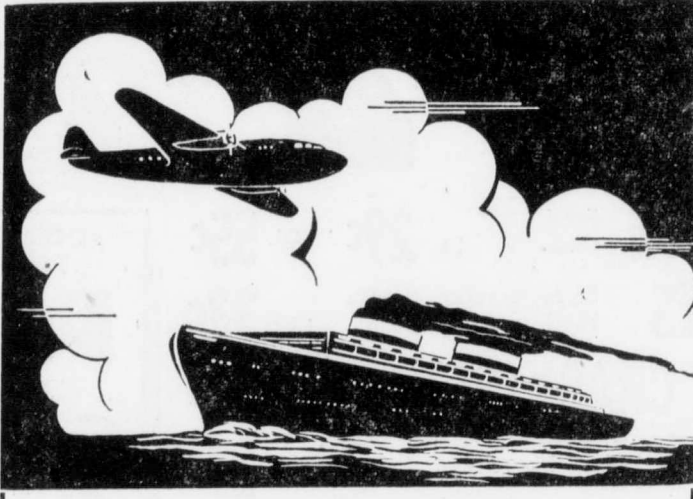

Congregations are still filling the church despite the approach of Summer and the Mothers' Day service last Sunday was well attended.

### SCHOOL GRADUATION

St. Theresa Parish school graduation exercises will be held in the auditorium of the school at 8 p.m. it was announced this week. An appropriate program is being planned.

Said, expressing the hope that the response to the plea would be immediate and ample.

She asked that the wool be mailed to the Health Center, East Amado road.

# Little League Benefit Game Slated May 30

Junior Champions to Meet Picked Team in Feature

Little League baseball, which is catching on mighty fast here, will be shown the public in a holiday double-header Friday, May 30, Memorial Day when the World's Junior Champion Baseball team of the Crenshaw American Legion post, Los Angeles, comes to the Village. The team is sponsored by Fred Clampett, long time winter resident here, of the firm of Marshall and Clampett.

**THEIR OPPOSITION** will be made up of outstanding junior players of Beaumont, Banning, Coachella, Indio, Palm Springs and the entire valley area. They will be known as the Coachella Valley All Stars.

The game will be played under sponsorship of Palm Springs Little League. Al Weingarten is president of the organization which is offering healthy recreation for Village youngsters.

**THE PRELIMINARY** game in the holiday double header will send a picked team of local Little Leaguers—boys 8 to 12—against a team of Redlands Little Leaguers.

Polo Grounds was swarming with boys eligible to the Little League the past two Saturdays as Warren Linville and C. E. Ballagh put the lads through their paces.

First game in the Memorial Day double-header is scheduled for 6:30 p.m.

## Third Dill Open Slated Saturday

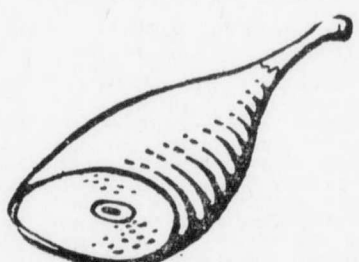

The third annual Dill Open golf tournament will be played Saturday on the O'Donnell course, Johnny Wood, manager, said this week.

There will be one flight for Dill Lumber company officials and employees and a guest flight.

Pat Martin won the first tournament guest flight and Harold Hicks the second. They'll be out to try to repeat. Among top flight golfers to offer competition will be Milt Hicks, Clark Perry, Freeman Gosden, J. E. French, M. O. Anderson and others.

Play will be over the 18-hole route.

## May 30 Deadline Day for Soap Box Derby Entries

D. C. Stachler, of Stacks' Chevrolet which, with The Desert Sun, is sponsoring Palm Springs entrants in the All-American Soap Box Derby, said Monday that it had been decided to set May 30, the day of the Indianapolis 500-mile race classic, as the final day for entrants in the regional trials of the Derby from the local district.

Stachler also said that July 12 was date for inspection of the racers being built by local entrants. All must be finished by that date.

**THIS WILL** enable the youths entered to make any changes needed to bring the cars under the rules of the contest. The regional trials will be held at San Bernardino on July 19 and the winner there goes to Akron, Ohio, for the All-American finals on August 12.

The inspection on July 12 will

be made at Stacks' Chevrolet, 330 Sunny Dunes road, starting at 1:30 p.m.

**EIGHT BOYS** have already entered and are busy planning and building their model racers for the regional trials at San Bernardino. They are, in the order of their entry, Jimmy Jackson, Jr., Desert Hot Springs, Ronald Hayes, Ronald Messengill, Richard Mountz, Jon Chumley, Denson Pickell, Lynn Dolton and David McKinney.

Others planning to enter are urged to hurry. Full information is available at Stack's Chevrolet.

## Annal Fish Fry by Sportsmen Sets New High

The most successful annual fish fry on record was put on Saturday night at the O'Donnell Golf Course by the Palm Springs Sportsmen's club under the chairmanship of Fire Marshal Warren Heath.

More than 500 Villagers settled down on the grassy lawns of the course for fried brook trout, green corn and salad.

The traditional late spring party is given to acquaint localities with the conservation objectives of the Sportsmen club in protecting game and keeping a good flow of hatchery trout to nearby mountain streams. The Sportsmen also provide guzzlers for birds and wild game in Riverside County. Guzzlers are special devices for supplying a constant water hole for birds in the dry areas. The club contributes to the Southern Conservation Council. Other wild life preservation projects being carried on in nearby areas are state grain fields for migratory ducks and geese in the Salton Sea area.

Heath said that profits, if any, from the ticket sales for the fish fry, are not in yet. "But everybody did have a good time, anyway," said he.

## Fleet Wins Local Yokel Tourney by Wide Margin

Pat Martin's two-year reign as Local Yokel golf champion came to an end last week when Reuben Fleet won the annual event with a card of 128, six under his nearest rival and eighth ahead of Martin.

But Charles Castro, who had won the Caddy half of the tourney last year and the year before, repeated for the third time when his card of 145 was lowest for the 36 holes.

Reuben Kulla and Phil Harris were tied for the second spot with 1348.

Chief of Police A. G. Kettmann who holds many city and tennis titles found golf a tougher game and wound up in the rear with 187.

The scores:

## Little Leaguers Organized Into Four Squads

Players out for the Little League in Palm Springs have been assigned to four teams and next Saturday will meet at the Polo Grounds as organized squads.

Managers for the four teams are:

Police Department — Johnny Herrera.  
Boys Club—Frank Partridge.  
Strebe Theaters—Frank Winterton.  
Hathaway and Creavy—Mark Hopp.

All of the boys on the squads and others interested in the Little League are urged to be at the Polo Grounds Saturday morning at 10.

## Village Ball Club Players Asked to Turn in Uniforms

Warren Linville, manager of the Palm Springs Indians, town Sunday baseball team which performed during the winter, this week issued a call to all members of the squad asking them to turn in their uniforms.

He said the uniforms, caps, stockings, sweat shirts should be turned in at the Indian office and the jackets to J. H. Stockban at Tramview Contractors, Tramview Village.

## Police Compete on Range Today

Members of the Palm Springs police force will shoot it out today at the local police target range in their annual competition. And for the first time, they will be striving for the honor of being the first to have their name go on the new plaque donated by Earle C. Anthony as a perpetual award.

The plaque will be displayed at the police department and each year that year's winner's name will be added.

Today's shoot starts at 10 a.m. with W. L. Jessup, range-master, in charge.

"It's the Water"

Tumwater, Washington, where the Olympia Brewing Company is located, is one of the few places in the world where waters ideal for brewing have been discovered. This water performs the following functions: 1. Extracts hidden flavors from hops and grains. 2. Creates a more active fermentation, giving sparkling life to the beer. 3. Assures constant purity. 4. Prevents detrimental changes that might otherwise occur when the beer is bottled and chilled.

## Softball Season Gets Under Way in Village Tonight

First softball game of the season is scheduled for tonight at 8:30 at the Polo Grounds, Howard Haddock, recreation director, said last week.

It will be a County League game with the Rinky Dinks of last year's City League meeting Indio in inter-city competition.

The Rinky Dinks this year will represent Palm Springs in the County loop and will not appear as a team in City League play. Some of their players, however, may appear individually on the other teams in the local loop.

Games are scheduled every Tuesday and Thursday in the County League with the Rinky Dinks playing away from home on Tuesday nights and here on Thursday nights.

City League games, scheduled to start next month, will be played each Monday, Tuesday, Wednesday and Friday night thus giving local fans continuous night ball Mondays through Fridays.

## Aviation Breakfast Club Meets in Palm Springs

Palm Springs flying city manager, Russell Rink, welcomed about 100 members of the Southern California Aviation Breakfast Club to a mid-morning snack at the Racquet club Sunday. The 17-year-old club of aviation enthusiasts originally started in Palm Springs with one of its founders winter resident Clara Granger, and the group makes frequent sorties to the desert for Sunday morning breakfast.

Many of the flyers, under the leadership of Woodruff de Silva manager of the Los Angeles International Airport, arrived Saturday for the luncheon at Shadow Mountain Club, which was on their itinerary.

AN HONORED GUEST at the breakfast was Palm Springs Flying Grandma Zandie Bunker, who with Pearl McManus, operates the Palm Springs Airport. Villagers who know their city manager only as the serious minded trouble shooter for the business operation of Palm Springs, would have been both entertained and surprised to hear the informal address he made to the flyers, both local and visiting.

"Fliers, rocking chair navigators, Martini mechanics, it is a pleasure to welcome you to Palm Springs," said he. "You are now in the Racquet club instead of the Tennis club, due to conditions beyond the control of Woodie de Silva. If our Mayor Farrell had anything to do with this, it was purely intentional. You see, competition among our village bright spots is very keen."

and the operators resort to all forms of chicanery to snitch customers and publicize their joints."

EVERYBODY was enjoying this informal approach to the history of the Palm Springs Airport. City Manager Rink continued, "Recently Terry Drinkwater, (he changed it to that when prohibition came in), president of Western Air, turned the tables on Jan Guthrie, publicity director for the Chamber of Commerce, by interviewing her. Instead of letting her ask the questions, When Terry asked Jan where the Chamber of Commerce was located, she replied, 'A hundred feet north of the Chi Chi.'"

"This gives you an idea of the skulduggery that goes into popularizing a name. . . . The program said I was to give you facts about our Airport, so I had better get on with the subject and leave the funny stuff to someone with a script writer. As you know, Jack Benny, Bob Hope and other celebrities hang around the Racquet club when they have time. Charlie Farrell told me that one day Benny and Hope were engaged in a ribbing contest. Benny, who was getting the best of the affair said, 'You wouldn't talk to me that way if I had my script writer here.'"

RINK GAVE the history of the port briefly with the lease of 640 acres of land from the Indians in 1941. This was taken over by the government in 1942 as an Air Transport base and large scale runways and improvements were put in by the Air Force. In 1947 the city got the airport back with most of the improvements. The buildings were of temporary construction and in the intervening years had deteriorated badly. At the present time, however, the city is actively engaged in restoring the buildings to make them presentable and a credit to the community.

"We have one 7,000 foot airstrip and one 6,000. We never have fog," said Rink, "but the thing we are most proud of is our wind. We guarantee to suit any taste. Once in a while we'll get two contrary pilots in the pattern, each wanting the wind to blow in opposite directions. It does. And is sometimes confusing to a pilot who doesn't know what's going on."

Brief talks of welcome were made by Mayor Farrell, Mrs. Bunker and other local flyers. The aviation breakfast was rated as highly successful.

book and the composing room which relied on the directory.

EVERYBODY in town was out looking at the sky the other day. . . . Funny-shaped thin cloud, pinkish in color, was the reason. . . . Coupled with the recent blast over Seattle some people were jittery. . . . It's called "Halo" and its odd color is caused by the sun's rays passing through ice crystals floating in the air. . . . Reminds me that one day last year Mrs. G. was chauffeuring me to the track and we saw a circular shaped cloud, moving very fast. . . . At the track noted a horse called Flying Rings and set a new record for the distance from the rail to the sellers' windows. . . . And, sure enough—the horse was out of the money. But still think it was a good lunch.

DR. A. C. HOFF, school superintendent, called yesterday to give a story about the Katherine Finch school dedication plans. . . . He seemed amazed that I was able to take it down so fast. . . . He should see the notes. . . . "Kinch school ded'n 5:20 8p schi adrm Hltn McP rrs brd me mse kds Crkr hst dstr brd 2 Hcks trbt." . . . That's my own system and could read it five years from now but for one thing. . . . Making out what the letters are. . . . Every time Perry Lynch, Union Pacific official comes to town and is entertained by the Stephen "Turks" it gives me a chance for this line: "U.P. entertained by S. P." . . . There's been a lot of railroad brass in town lately. . . . Claude Peterson of the FSP was here with his wife. . . . With all of the publicity he's given the Village I'd say SP promotes PS.

IF THIS ISN'T SO, don't sue me but Dick the Demon Photographer came in late from an assignment and gave as his excuse: He had to wait for Mrs. Pearl McManus who got lost in the north end of town. . . . And she has been here almost longer than anyone else and watched Palm Springs grow from a wide spot on a narrow road to what it is today. . . . By the way, speaking of the north end—have they found a new and appropriate name for that so-called North End Park? . . . It needs something more distinctive than just a point on the compass. . . . Harry Oliver spent a dime Monday to call from Thousand Palms. . . . Well, Hell's Ten Miles killed three more last weekend. . . . Why don't they fix it up?

The thought just came to me that there'd be lots less trouble in the world if we had more conservation of conversation.

### rise--- --TO REMARK

By JOHN PHILLIPS

Several months ago, in one of these letters, I expressed a wish that I had time, and the facilities, to figure a comparison between the dollar values of, say 1945 and today. I wanted to translate some of the propaganda into comparable terms. I now rise to report that a committee has done it for me, the Minority Policy Committee of the Senate.

This may answer the often repeated claim that we are better off today than we were 6 or 7 years ago. Take bank deposits, for example: Bank deposits, per family, in 1945, averaged \$1,292; in 1951 they averaged \$1,333. Adjusting the dollar to correspond to its reduction in buying value, the 1951 figure becomes \$916. In dollars, we have more money in the banks; on a basis of what we use the dollars for, we are only three quarters as well off. If you just want to look at a dollar bill, you're better off, but if you want to spend the dollar bill, it has lost a quarter of its value in 6 years.

The cash surrender value of life insurance averaged \$1,000 per family in 1945; and in 1951 it averaged \$1,242, but when we adjust the latter figure to buying value, it becomes \$853. We are worse off than in 1945.

U. S. Savings Bonds averaged \$1,285 per family in 1945, and in 1951 the figure shows as \$1,068, which is less to begin with, but adjusting the latter figure to buying values, it becomes \$734. In the same way, the value of government pension and trust funds, always a controversial subject, was \$722 per family on the average in 1945 and is shown as \$958 for 1951. Adjusted, the figure becomes \$679.

The committee commented: "While there was an increase in dollars, there was a decrease in what those dollars will buy. The richer we get in dollars, the poorer we are in goods and services."

MY FRIEND, Representative Walter Norblad of the First Oregon District, wrote to the Federal Security Administrator a few months ago, asking if all the research projects then being carried on by the FSA, to the extent of \$782,000 in this time of increased taxes and budget deficits, were absolutely necessary. He pointed out that research into the "Tolerance for environmental stress in aged and newborn sheep and goats," was taking \$19,000. "A Field Study of Children's Behavior," was given \$15,000. "An Analysis of the Peyote Cult as a Social Movement among the Navajo Indians," is undoubtedly an interesting study, but there is some question of the wisdom of spending \$2,500 on it right now. "The Cultural and Psychiatric Factors in the Mental Health of the Hutterites," took \$7,500. Maybe they ought to study the psychiatric factors affecting the Congress. Who are the Hutterites, anyway?

"The Influence of Pre-adult Environment on Animal Behavior and Neuroses," was a little one, only \$10,000. "An Empirical Study of Special Adjustment, Social Technique and Personal Values," did a little better; it got \$8,000. It cost the taxpayers, \$7,000, "to demonstrate the inter-relationship between automatic changes, emotion and certain cutaneous reactions in normal and pathologic skin."

The two I particularly like are these: "Promotion of Marital Adjustment in Men and Women as an Aid to Good Mental Health," (\$17,000) and "Unconscious Factors governing Courtship and Mate-Selection," (\$12,000)—and what I like about the

## Henwood Attends Hospital Session

Robert Henwood, administrator for Desert Hospital, was expected back in the Village this week-end after attending sessions of the Association of Western Hospitals convention in San Francisco. The 22nd annual convention started Monday and ends today.

Three thousand hospital administrators and department heads from nine western states attended.

Outstanding hospital leaders addressed the group.

latter is the explanation of the professor carrying on the research project. He said he was "trying to uncover hidden traits that lovers don't know they have."

Old Mother Nature, spring, and the full moon, are getting an assist from Oscar Ewing, and the taxpayers.

ALWAYS an enthusiastic supporter of the present policies of the State Department (?), I now rise to call attention to the fact that this Department, as usual, is right on the ball. It publishes a series of books called, "The Foreign Relations of the United States." Another volume has just been issued, on April 21st. This covers the year 1933!

# Bids Sought by State for New Freeway

Ontario Project to Cut Time to Los Angeles Area

Bids will be opened June 12 in Los Angeles for the first unit of the Ontario Freeway, another step in construction of a modern, high speed route between the desert area and the metropolitan district.

One bridge and seven street crossings are involved in this first unit which will extend from the Los Angeles-San Bernardino county line to Euclid avenue in Ontario.

STATE HIGHWAY department has allocated \$2,135,000 for the entire Ontario Freeway project which includes 16 structures. Bids will be advertised later for the second unit which extends from Euclid avenue to a junction with the present Highway 99 at Archibald avenue in Glendora.

The new highway will follow an entirely new route a little more than a mile north of the present route and eliminate downtown traffic in Ontario and Pomona.

AFTER TURNING northwest at Archibald avenue, the route will be to Campus avenue at a line between the cities of Ontario and Upland and then proceed westerly through Ontario and Pomona and join the Ramona Freeway at the base of the Kellogg Hills. Bids for the Ramona Freeway were advertised April 23.

The highway will follow the present route west of Pomona to a point near El Monte where a controversy over the route through that city is under way. In Los Angeles it will join the net of freeways being built through that city.

## Appropriate Breakfast in Bed On the Right Day

NOW WITH THE 40TH INFANTRY DIVISION IN KOREA—Buddies of PFC Robert Marquez, Palm Springs, treated him to a Korean-style breakfast in bed over there recently, but they didn't know how appropriate they were.

Marquez slept late one morning after being out on an ambush patrol the night before.

"I woke up when I got a whiff of fried eggs in front of me," said Marquez, a rifleman in Company G, 224th Infantry Regiment, 40th Infantry Division.

"A better present in Korea, I couldn't get," he said.

What Marquez' friends didn't know was that it was his birthday.

Don't miss a copy. Subscribe to The Desert Sun now.

LIKES DESERT—Dr. W. W. Lermann, noted authority on internal medicine, vacations at Desert Inn for his 26th season.

## Cancer Research Work Believed Making Progress

Vacationing at the Desert Inn last week for his 26th season as a Palm Springs visitor was Dr. W. W. Lermann of Pittsburgh, a world authority on the various diseases which beset the innards of mankind. He was en route to the Pan-American Gastroenterological Association meeting which takes place in Mexico City this week. Dr. Lermann is president of the American Gastroenterological Association and will deliver a lecture on the pancreas before the Pan American group.

Dr. Lermann was restrained but optimistic on the research being carried on at the Sloan Kettering clinic in New York on the cause and cure of cancer. Although declining to commit himself definitely, he said that it appeared that the end of the long road in conquering the disease is in sight. Assuming that the virus which is now being used to combat the disease in animals and test tubes is as effective as it appears, five years must elapse before the medical researchers can definitely affirm a cure.

To date, the virus developed at Sloan Kettering from a virus found in Egypt has been used only on animals and in test tube experiments. Apparently, it is able to destroy cancerous tissue without harming healthy tissue. Whether researchers will have to retrace their steps back to

## Planning Board at Full Strength

City council last week appointed three new members to the planning commission ending a deadlock on important decisions due to a lack of quorum.

Named were Dr. Frank Purcell, William Veith and Councilman Ted McKinney.

First important business of the new members, who joined hold-over members, was the question of rezoning Section 14, under the Master Plan recently adopted, and El Mirador rezoning for a new mercantile building. Both sessions were held yesterday.

## Hatchitts Market Reopens in New Building May 22

Plans were announced this week for the re-opening of Hatchitts Market at their new location on Indian avenue, next door to the old store which is being demolished to make way for the completion of widening of Indian avenue.

J. E. Purnell and H. C. Mosley, co-owners of the market, said the formal opening of the new building will take place May 22, 24.

The building measures 3200 feet over all, and was built by local contractor, Sam M. Pascal. Being much larger it will permit a greater variety of merchandise to be offered to local buyers and an increase in the store staff which will mean economy as well as fast, courteous service.

J. E. Purnell has been a resident and local business man for the past 14 years, and was the original owner of the market. H. C. Mosley, co-owner for the past six years, is also a long time villager.

## Space Flight Progress Told to Student Rocket Society

Saturday night, at a general meeting of the Student Rocket Society, Z. A. Typaldos, the society's national advisor presented a highly unusual, interesting program. Typaldos lectured generally on all fields of jet propulsion and described some of the techniques and procedures currently employed, and some of the problems currently facing the rocket industry. Also discussed were the more than startling aspects of rocket warfare and how its amazing advance and tremendous possibilities affect the current defense program. In reference to spaceflight Typaldos compared it to T.V. as something nobody will fully believe until they see. However, he assured that it is definitely both feasible and practical and will probably come about in the course of our lifetime. Appropriate slides accompanied the talk.

Also shown and explained was an exceptional film of Typaldos' which he prepared in connection with research work he is currently doing. These pictures were taken at an amazing speed and showed events which occurred in a second over a period of fifteen minutes. These pictures were unique photographs of the operating insides of an engine with an especially cooled, built-in glass window which enabled photographs to be taken of the actual combustion during the time that the engine was operating.

## Old Barracks at Edge of City Not to be Permanent

Civic fears that the barracks buildings recently moved from El Mirador to Palm Springs were laid to rest yesterday.

Assistant Building Inspector Donald E. Graham said the buildings are waiting at Yorba drive and Palm Canyon only until they can be cut in two and taken to Pomona where they will be put together again and remodeled as dwellings.

There is a county ordinance which prohibits moving any building on county roads over 15 feet wide and the El Mirador barracks were 30 feet in width. The matter of the barracks buildings was brought up before the directors of the Palm Springs Civic League Monday noon. League President Joe Pawling was appointed a committee of one to investigate the matter.

## No Pinballs

D. A. Rules They Violate the Law

Nine pinball machines, found operating in three local cafes, were 'dark' today following action by District Attorney W. O. Mackey's office last week.

The district attorney said they were gambling devices and ordered them outlawed.

His deputy, Byron Morton, and Charles Scott, vice-squad investigator, came to town and informed the cafe owners to abandon the machines. They did.

## Butterworth New President of Gem and Mineral Society

Shadow Mountain Gem and Mineral society held its second annual election at a potluck dinner at Palm Desert Community church Friday. More than 80 members and guests were present for the social hour, brief business session and illustrated lecture on agate. Beth Butterworth was chairman for the dinner portion of the program.

Donald S. Butterworth was elected president of the society which now has more than 180 members; Byron S. Phillips,

vice-president; Elizabeth Hollenbeck, recording secretary; Susie Cowling, corresponding secretary; Vera Lockwood, treasurer.

Leland Quick, publisher of the Lapidary Journal and Randall Henderson, publisher of the Desert Magazine, were elected board advisors. Additional directors are Margaret Ward, Omar Kerschner, Joseph Hughes, Ray Purvis, Jack Lizer, Esther Edson, C. G. Darlington, Mary Ann Wahrer and James Carpenter.
